INTERACT

- Supports territorial cooperation between Regions of the EU
- Promotes cooperation as tool for growth and change through policy development and strategic orientation, within territorial cooperation and beyond
- Is the hub for exchanging information and best practices among cooperation programmes (Interreg)
- Provides support also to programmes at EU external borders (IPA CBC, ENPI CBC)
- Provides support to macro-regional strategies
- Works to make project results visible (e.g. KEEP)

Topics to be covered

A. Policy level: The 2014-2020 framework
(Result orientation and thematic concentration)

B. Project level: Impact on the project level
(Connecting programme & project intervention logics)

C. INTERACT support: Maritime CBC programme network

B. Impact on project level

The project's results and main outputs clearly link to programme priority and its indicators:

- ✓ The project overall objective clearly **links** to a programme priority specific objective
- ✓ The project results clearly **link** to a programme result indicator
- ✓ The project specific objectives clearly **link** to the project overall objective
- ✓ The project main outputs clearly **link** to the project specific objectives
- ✓ The project main outputs clearly **link** to programme output indicators

Why to make a link?

WHAT TO DO? WHICH RESULTS? + HELP TO MAKE IT HAPPEN WITH = RESULTS ACHIEVED

Project idea + Money from programme = for project beneficiaries benefit — no €

Programme objectives + Project idea = for programme objectives — €

C. INTERACT CBC maritime network

- Specific cluster of Interreg CBC programmes characterised by presence of sea in programme geography (maritime border, max. 150km)
- INTERACT since 2013 facilitates exchange between maritime CBC programmes on a joint understanding of how maritime dimension features in programmes, specific challenges and how to integrate into 2014-2020 programmes
