DANISH MARITIME AUTHORITY

Maritime EU financing opportunities in 2015

By Ditte Folke Henriksen, Head of Section & Assistant Priority Area Coordinator Danish Maritime Authority

EUSBSR
EU STRATEGY
FOR THE BALTIC
SEA REGION
PRIORITY AREA 'SHIP'

Connecting Europe Facility

- **1st call launched 11 September 2014**
- **11,9 bill. €**
- **Deadline 26 February 2015**
- **Biggest call in the CEF**

Connecting Europe Facility – Transport 2014-2020

- **Cohesion countries can only apply until 2016**
- **Concrete projects – not meant for research**
- **Focus on synergies between CEF fields – e.g. energy and transport or transport and ICT**
- **Focus on the TEN-T Network**

Motorways of the Sea

- **Indicatively 250 million €**
- **Support for implementation of sulphur directives**
- **Improving connections – cooperation between e.g. ports**
- **Focus on alternative fuels**

Horizon 2020 - Transport

- Most relevant call ongoing
- 2 calls starting from December
  - ”System modelling and life-cycle cost optimisation for waterborne assets”
  - Transport societal drivers

BONUS

SCIENCE FOR A BETTER FUTURE OF THE BALTIC SEA REGION

VISION

Economically and ecologically prosperous Baltic Sea region where resources and goods are used sustainably and where the long-term management of the region is based on sound knowledge derived from multidisciplinary research

OBJECTIVE

To integrate the Baltic Sea System research into a durable, cooperative, interdisciplinary, well integrated and focused multinational programme in support of the region's sustainable development

Participating states

- Eight EU member states surrounding the Baltic Sea: Denmark, Estonia, Germany, Finland, Latvia, Lithuania, Poland, Sweden
- Russia participates through bilateral agreements
- 10 funding agencies participate as BONUS members and funding the calls
- 12 funding agencies participate as non-members funding the calls only
- Funding agencies include both basic research and innovation funders

BONUS calls 2012-2014

Research themes (abbreviated titles) **Hollow circles = themes that may reopen, depending on funding limits, in order to fill in thematic gaps**	BONUS call 2012: Viable ecosystem and Innovation closed in February/March 2013	BONUS call 2014: Sustainable eco-system services opens 16 January 2014	BONUS research and innovation call 2014 **Opens in 2015**
1.1 Dynamics of biogeochemical processes	●		○
1.2 Changing biodiversity	●		
1.3 Food web structure and dynamics	●		○
1.4 Impacts of hazardous substances	●		○
2.1 Changes in catchment land cover patterns	●		○
2.2 The role of the coastal systems	●		
2.3 Integrated coastal management		●	○
2.4 Eco-technological approaches	●		●
3.1 Maritime risk analysis and management		●	○
3.2 Effects of air and water pollution by shipping		●	○
3.3 Improving stock assessments, spatial heterogeneity of stocks	●		
3.4 Evaluation framework for fisheries management	●		○
3.5 Sustainable aquaculture in the Baltic Sea			●
4.1 Governance structures, performance and policy instruments	●	●	○
4.2 Linking ecosystem goods and services to human lifestyles and well-being		●	○
4.3 Maritime spatial planning		●	○
5.1 Integrated monitoring programmes	●		○
5.2 Innovative measurement techniques	●		○
5.3 User-driven ICT services	●		○

Interreg programmes

- **Baltic Sea Region Programme**
- **South Baltic Programme**
- **Cross-border programmer such as Öresund-Kattegat-Skagerrak**
- **All include possibilities on clean shipping issues**

Seed Funding

- **EUSBSR *Seed Money Facility***
- **Council of Baltic Sea States *Project Support Facility***
- **Swedish Institute** *Seed Funding & Project funding*
- Nordic Council of Ministers offers some funding possibilities
